

COLERAIN TOWNSHIP

Department of Fire and Emergency Medical Services

3251 Springdale Road • Colerain Township, Ohio 45251-1505

Dear Applicant,

Thank you for your interest in the Colerain Township Department of Fire & EMS. We are currently giving preference to those applicants already State of Ohio certified EMT's or Paramedics with experience. All applicants must also have a valid driver's license.

If you are already a firefighter, EMT, or Paramedic, please make sure your application contains a copy of your certifications. If you have experience, please list with whom and for how long.

If you are not currently a certified firefighter, EMT or medic in the State of Ohio, we encourage you to consider obtaining this training in the near future, and when completed you update your application accordingly.

The department will notify qualified applicants of the date of the next physical performance evaluation date. Those successfully completing the physical performance evaluation test will have a background and reference check completed, as well as an interview with several department officers. From this group, candidates for the next class will be selected and tendered an offer of employment subject to the successful completion of a physical examination by the Department Physician.

Please note that incomplete applications will not be considered for review.

COLERAIN TOWNSHIP

Department of Fire and Emergency Medical Services

3251 Springdale Road • Colerain Township, Ohio 45251-1505

Dear Applicant:

Effective January 1990 the Colerain Township Fire Department is screening all applicants for their physical fitness. In addition to the Physical Performance Evaluation outlined elsewhere, applicants will have to be within a given weight range for their height as shown below. The department will accept applicants lower than the Maximum adjusted figure shown, but encourage all applicants to work toward the average weight range. Applicants whose weight is higher than the Maximum adjusted figure will be placed on hold until the applicant can demonstrate that their weight falls within that acceptable range.

Male Applicant				Female Applicant			
Height	Minimum	Average	Maximum	Height	Minimum	Average	Maximum
5' 0"	113	131	155	4' 8"	95	111	137
5' 1"	116	134	159	4' 9"	97	113	140

JOB DESCRIPTION FOR THE POSITION OF PARAMEDIC

(Part-time)

Part-time Paramedics with the Colerain Township Department of Fire & EMS are expected to perform the following duties:

- Respond and take action to protect the public from the release of hazardous materials.
- Respond and render aid in the event of a natural disaster
- Respond to and treat injured and sick individuals.
- Respond to any and all calls for assistance including medical calls.
- Shall respond to emergency medical calls, and treat patients according to established protocols.
- May be called upon to speak about first aid practices to community groups, schools children etc
- Fire hydrant maintenance.
- General maintenance work around fire department property and buildings.
- Various administrative duties
- Any other activities as directed by the Chief

QUALIFICATIONS:

- At least 18 years of age.
- Must have a valid Ohio drivers license
- Must have a good driving record.
- Must be of good character and be screened by a background investigation to include police records check and/or references.
- Must pass the department's job related physical agility test.
- Must have a high school diploma or G.E.D. equivalent
- Applicant shall have a current Paramedic certificate by the State of Ohio
- Part-time Paramedics shall obtain the 1-A level state firefighter certificate within the first year of employment. Even though these Paramedics are not functioning as firefighters, department management has decided that it's necessary for them to obtain the basic level of firefighting training. This training is primarily for the safety of the EMT-P. These individuals will be responding to and assisting firefighters on the fire scene
- Shall maintain Paramedic certification during employment
- Shall follow department policy for maintaining firefighter-training requirements.

IT IS ESSENTIAL THAT THE INDIVIDUAL IS CAPABLE IN CARRYING OUT THE FOLLOWING FUNCTIONS ASSOCIATED WITH THE DUTIES OF PRE-HOSPITAL CARE AND FIREFIGHTING: (The following functions shall be carried out in a prompt and efficient manner)

Firefighting and emergency medical duties require an individual to work under long, intense, fatiguing, and highly dangerous and stressful conditions

- Shall be capable of operating both as a member of a team, and working independently at incidents of uncertain duration
- Shall be capable of physically and emotionally coping with highly stressful situations
- Shall be capable of carrying ground ladders.
- Shall be capable of dragging, carrying, and connecting fire hose.
- Shall be capable of opening and closing a fire hydrant
- Shall be capable of driving large fire department vehicles
- Shall be capable of operating a computer.
- Shall be capable of using a variety of hand tools
- Shall be capable of using a self-contained breathing apparatus.
- Shall be capable of working in a hazardous environment and being exposed to the many hazards encountered on a fire, medical, and any other emergency scene.
- Shall be capable of operating portable fire extinguishers
- Shall be capable of working with ropes and tying certain knots used in the fire service.
- Shall be capable of handling highly pressurized fire hoses.
- Shall be capable of clearly communicating on a two-way radio, and on the telephone.
- Shall be capable of passing the department's job related physical agility test
- Shall conduct a daily inventory of all EMS units.
- Shall assist with EMS training
- Shall follow the established infection control program.
- Shall respond to, and render aid in the event of a natural disaster.
- Shall respond to fires, and any other emergency scenes, to render assistance where needed
- General maintenance and minor repair on medical equipment and apparatus.
- Shall have the ability to medically treat all patients without bias to sex, age, race, culture, religion, etc
- Shall have the ability to properly perform the following medical functions:
 - Use medical equipment associated with the emergency medical service
 - Take vital signs.
 - Perform a complete patient assessment
 - Properly manage a patient's airway
 - Splint sprains and fractures.
 - Apply MAST pants
 - Provide psychological first aid.
 - Obstetrics
 - Control bleeding.
 - Perform CPR
 - Do equipment checks
 - Start I.V.'s (intermediate EMT and medics only)
 - Start intraosseous I.V.'s (medic only)
 - Chest decompression (medic only)
 - Give medications (medic only)
 - Establish an airway using an ET tube (medic only)
 - Defibrillate and do cardioversion (medic only)

Crithrothyrodomy (medic only)
Use telemetry
Use ventilator
Maintain security, and direct the distribution of drugs and controlled substances as dictated by a physician or protocol (medic only)
Any other procedure included within the current Hamilton County protocol for EMT-P and/or any procedure authorized by the department's Medical Director.

Mobility/Movement/Motion:

- Bend, crouch, and stoop up to one half hour at a time in order to tend to accident victims in tight spaces, such as those encountered in damaged automobiles and in other rescue settings.
- Walk, run, jump as needed to respond to a fire, auto accident, home or industrial accident or other emergency situations
- Step vertically three feet without assistance to enter a fire vehicle.

Vision, Hearing, Speech, Touch, and Smell:

- Rely on senses of sight, hearing, smell, and touch to help determine the nature of the emergency, maintain personal safety, and make critical decisions in a confused, chaotic, and potentially life-threatening environment throughout the duration of the operation.
- Visually inspect buildings and fire equipment and visually examine the physical conditions of accident victims.
- Sufficiently hear instructions and commands while wearing protective headgear at fire and emergency scenes
- Shall have acute hearing in order to locate somebody during a search and rescue operation.

Balance:

- Balance on ice, oil, and water slick surfaces as may be encountered in the course of EMS, firefighting, and rescue operations.

Stamina:

- Remain physically and mentally alert during prolonged periods of intense, sustained physical activity in difficult environments, including extreme heat and cold.
- Stand for one half hour at a time in full firefighting gear.
- Wear personal protective equipment that weighs approximately 25 pounds while performing fire fighting tasks.

Gear/Equipment:

- Wear and effectively use all protective firefighting gear, including service boots, self-contained breathing apparatus, protective head gear, and fire resistant hood, gloves, coats, and pants while directing EMS activities.
- Use a personal computer to access department information and to generate reports.
- Ability to learn to drive and operate fire and medical vehicles

Environment:

- Work in proximity to and dispose of a variety of hazardous materials encountered in the course of fire and rescue operations

Mental and Emotional:

- Face life or death decisions during emergency conditions
- Be exposed to grotesque sights and smells associated with major trauma and burn victims
- Read and comprehend written instructions, training and directives.
- Generate written reports operational procedures and directives.
- Communicate orally in English.
- Hear, understand, and implement oral instructions and commands
- Understand the theories of fire science, fire safety and prevention, and emergency medical training, and apply theoretical knowledge on a practical level
- Work cooperatively with subordinates, supervisors and the public under extremely stressful conditions, including situations of a life threatening nature

MISCELLANEOUS:

- Demonstrate the ability, under emergency response conditions, to legally and safely drive and operate all fire department vehicles, including ambulances and medic vehicles.

As a firefighter, paramedic, and/or emergency medical technician with the Colerain Township Department of Fire & EMS, you should expect to encounter the following hazards:

- Exposure to potential building collapse
- Exposure to cuts bruises sprains, fractures and any other injury that might occur on an emergency scene
- Exposure to electrical hazards – electrocution hazard
- Exposure to severe stress that could cause a fatal heart attack or stroke.
- Exposure to extreme weather conditions that could cause heat exhaustion, heat stroke, frostbite or any other weather related injury or illness.
- Potential for exposure to contagious diseases including but not limited to hepatitis and aids
- Exposure to dangerous and hazardous materials.
- Exposure to any and all such hazards that might be encountered while responding to, and working at a fire, EMS, rescue, hazardous materials, disaster, or any emergency scene.

The Colerain Township Department of Fire & EMS maintains a safety policy for its employees to prevent injuries from occurring, and to keep the occurrence of injuries to the lowest level possible. However, even with the enforcement of the safety policy, all employees of the Colerain Township Department of Fire & EMS must realize that the nature of the duty will expose them to many different hazards that might cause injury, or even death.

I, _____, have read the job description for the Colerain Township Department of Fire & EMS. I understand and agree to comply with the requirements to become a member of the department.
