

October 30, 2018

Dear Megaland Supporter,

Have you heard of the replacement Megaland Playground Project at Colerain Park?

Many of your neighbors are part of this exciting new community project and now we're here to ask for your support too!

The original Megaland was built in 1997 and has been a cornerstone of Colerain Park for three generations of users. However, the equipment has become difficult to maintain and is not accessible for all users.

The Township has secured a \$150,000 grant from the Ohio Department of Natural Resources to build a brand new playground to replace Megaland and is trying to raise an additional \$50,000 from local businesses, civic groups and residents so the new playground will be as iconic as the original.

In the past, our community has been incredibly supportive and was successful at raising money and recruiting volunteers for similar projects, including the original Megaland Playground, Clippard Park "All Kids Can" Playground, Skyline Playground, Wert Family Park Playground and Groesbeck Park Playground. We are eager to bring the community together to rally around this new project!

We were hoping that we can **count on your support** and that your company would consider **one of the funding levels outlined in the attached pledge sheet**. We are truly grateful for any amount you can contribute.

Sincerely,

Kevin Schwartzhoff
Colerain Township Service Director

COLERAIN

Megaland Replacement

Vision

Colerain Township will provide a new, safe and accessible playground for residents and visitors to enjoy that will meet the specific needs of our community.

Mission

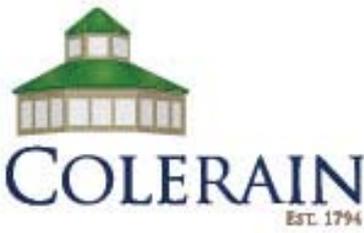

Megaland is an iconic play structure for area residents that was vital to the physical, social, emotional and cognitive development of thousands of children for many years, but it has reached the end of its service life. It is Colerain Township's mission to replace this memorable structure with a new, accessible playground that will be just as beneficial and treasured in the hearts of our area families. Input is being received by a group of area schoolchildren so that the new structure will truly represent the interests of the kids we are doing this for!

We need your help! The \$150,000 grant through Ohio Department of Natural Resources is an amazing starting point for this project. Playgrounds are expensive and Megaland is huge! In order for the new playground to be just as expansive and have features such as poured rubber surfacing, we will need to rely on additional funding sources through additional grants and support of the community. All donations are tax deductible!

Project Timeline

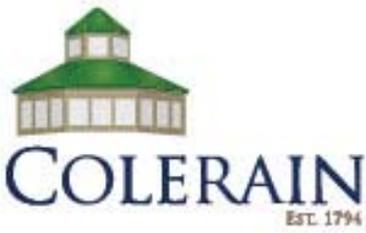

Colerain Township will finalize the design and order the new playground equipment in January 2019. Public Services staff will begin dismantling Megaland later in January and prepare the site for the new playground. The projected installation is April 2019, weather permitting.

Sponsorship Levels

<p>Mega \$7,500+</p>	<ul style="list-style-type: none"> • Speaking role at the playground grand opening • Company name listed in all press releases • Recognition on Colerain Township's social media sites, electronic newsletter and website • Signage on the playground with Company's name/logo • Free one-day facility rental at a Colerain Township park for a Company event
