2021-2022 Benefits at a glance

**Medical Insurance**
The Anthem Gold Plan provides a medical plan that includes a $2,800 deductible per individual and 80% coverage when using an in-network provider. In addition, you have an 80% coinsurance, after deductible, for a physician office visit.

The Anthem Platinum Plan provides a medical plan that includes a $2,000 deductible per individual and 100% coverage when using an in-network provider. In addition, you have a 100% coinsurance, after deductible, for a physician office visit.

**Dental Insurance**
Anthem provides rich benefits with the freedom of seeing any dentist, contracted or not; your benefits will be greater when you receive care from a contracted dentist.

**Vision Insurance**
Anthem provides coverage for eye exams, lenses, and frames.

**Critical Illness/ Voluntary Accident Insurance**
Employees have the choice to enroll in additional coverage for critical illness and accident insurance through Sun Life. These plans would pay a cash benefit to you. These can help with the costs your medical plan may not cover, such as deductibles or coinsurance.

**Long-term Disability Insurance**
We are now long-term disability benefit through The Standard. The long-term disability will be paid on your behalf by Colerain Township.

**Employee Assistance Program**
Employee Assistance Program is available to you and your dependents through The Standard. EAP Services include help locating resources, assistance with personal or financial issues, and more.

**Basic Life and AD&D Insurance**
Colerain Township provides eligible full-time employees with basic life and AD&D insurance through Anthem up to a maximum of $50,000.

**Voluntary Life and AD&D Insurance**
Employees have the opportunity to purchase additional life and AD&D coverage through Anthem.
Eligibility & Enrollment

Eligibility Rules

Employees working more than 1500 hours annually are eligible to participate in the Colerain Township Employee Benefits Program. For most of our benefit plans, your coverage will become effective on your first day of employment, after the necessary enrollment forms have been completed. You must be actively at work for your coverage to be effective on that date.

You may also enroll your eligible dependents in the Colerain Township Benefit Plans. Your eligible dependents may include spouses, children whether natural, adopted, stepchildren, foster, or those for whom you have legal custody by court decree. If your spouse has coverage available to them through their employer, they must enroll for coverage with their plan unless they are responsible for more than 50% of the cost.

When enrolling in medical, dental or vision coverage, you may enroll any dependent child up to age 26.

When enrolling in voluntary life your child may be covered from birth to age 26.

When enrolling, you must provide proof of your dependent’s eligibility in the form of:

- Federal Income Tax Return
- Court Order
- Birth Certificate
- Class Schedule (for dependents age 19-25 – dental and vision only)

When Can You Enroll?

You can sign up for Benefits at any of the following times:

- New hire enrollment period
- During the annual open enrollment period
- Within 30 days of a qualified family-status change

If you do not enroll at the above times, you must wait for the next annual open enrollment period.

Making Changes

Generally, you can only change your benefit elections during the annual benefits enrollment period. However, you may be able to change some of your benefit elections upon the occurrence of certain change in status events, provided you properly notify your employer, and another change is permitted under the plan terms.

Examples of these change in status events may include:

- Your marriage
- Your divorce or legal separation
- Birth or adoption of an eligible child
- Death of your spouse or covered child
- Change in your spouse’s work status that affects his or her benefits
- Change in your work status that affects your benefits
- Change in residence or work site that affects your eligibility for coverage
- Change in your child’s eligibility for benefits
- Receiving Qualified Medical Child Support Order (QMC50)

If you have a family status change, you must timely notify your personnel manager and complete the necessary forms. For more information, please reach out to Human Resources.
Frequently Asked Questions

What is a Deductible?
A deductible is the amount of money you or your dependents must pay toward a health claim before your insurance company makes any payments for health care services rendered. For example, if you have a $2,800 deductible, you would be required to pay the first $2,800, in total, of any claims during a plan year. The deductible excludes copayments where applicable.

What is Coinsurance?
Coinsurance is the amount expressed as a percentage of covered health services that you must pay after you have satisfied your plan deductible.

When do I pay a Copayment?
Expect to pay a copayment for prescriptions after you reach your deductible on the Gold plan.

How do I know when to go to an Urgent Care Center vs. the Emergency Room?
If you need medical care when your regular doctor is not available, think about going to an urgent care center. The urgent care center should be used for minor emergencies (fever, cough, pain, etc.) when your physician’s office is closed, and your symptoms are too severe to wait until the office reopens or when you are out-of-town. Emergency rooms should only be used for true emergencies such as broken bones, vigorous bleeding, or severe pain.

The next time you are faced with deciding where to go, be sure to evaluate all your options and choose the setting that best suits your illness or injury. Of course, in a true emergency, seek the appropriate care without delay.

What is Out-Of-Pocket Maximum?
The maximum amount (deductible and coinsurance) that an insured will have to pay for covered expenses under a plan. Once the out-of-pocket limit is reached, the plan will cover eligible expenses at 100%.

What is an Explanation of Benefits?
An EOB is a description the insurance company sends to you explaining the health care charges that you incurred and the services for which your doctor has requested payment. You should compare your EOB to the bill you receive from the doctor. All data on your EOB should match the information that appears on the statements you receive from your doctor. If it does not, contact the doctor’s office immediately.

What is Preventive Care?
Preventive care is proactive, comprehensive care that emphasizes prevention and early detection. This care includes physical exams, immunizations, and wellness exams. Be sure your child gets routine checkups and vaccines as needed, both of which can prevent medical problems (and bills) down the road. Also, adults should get preventive screenings recommended for their age to detect health conditions early.

Remember all preventive care benefits are covered 100% under both medical plan options.

What is the difference between generic and brand name drugs?
The difference between generic and brand name medications lies in the name of the drug and the cost. Generic drugs cost much less than brand name drugs, save you and your employer money, and provide the same health benefits as brand name drugs.

What is the benefit of Mail Order? Drugs?
Mail order drugs are perfect for patients who take medication on an ongoing basis. Examples are high blood pressure medication, high cholesterol medication, insulin, and birth control. Mail Order drugs are convenient because they are delivered to your doorstep which relieves the stress of standing in line at the pharmacy.

What should I ask my doctor?
Amazingly, many patients do not ask their doctor basic questions. “How much will my treatment cost?” “Can I be treated another way that is equally effective but less costly?” “What are the risks?” “What are the side effects?” Having a dialogue with your physician can help you better understand how his or her care decisions affect your health plan costs. It will also help your doctor get to know you better and consequently prescribe treatment that is more effective.
Cost of Coverage: How You Pay for Health Care Costs

You share the cost of health care services with Colerain Township and the medical plan you select. As you review the medical plan options you should consider the following types of costs:

**Premium:** A premium is the total cost for your medical insurance. You and Colerain Township share this cost. You pay your portion through pre-tax payroll deductions.

**Deductible:** A deductible is the amount you must pay before the medical plan begins sharing the cost of services. You pay this full amount, if required by your plan, before the plan pays benefits.

**Copay:** A copay is a set payment you make for a specific service. For example, in the Anthem Blue Cross and Blue Shield Medical PPO plan you will make a 80% after deductible for visits to your primary care physician.

**Coinsurance:** When you are paying coinsurance, you are sharing a percentage of the cost of services with the medical plan. For example, in the Anthem Blue Cross and Blue Shield plan, after you satisfy your deductible, you will pay 80% for most medical care that you receive from preferred providers.

**Out-of-Pocket Maximum:** The annual out-of-pocket maximum protects you from major medical expenses. This is the most you would pay and includes your medical deductible, copays, and coinsurance, for eligible expenses during a plan year. Once you reach the out-of-pocket maximum, the plan pays 100% of the usual, customary, and reasonable charges for the balance of the calendar year.

**Your Total Costs**
Remember, the total cost you pay for health care services in a plan year is the combination of your out-of-pocket costs when you access medical care and the premium payments you are required to make for coverage.

**Premiums + Out-of-Pocket Costs = Total Cost of Health Care**

**Embedded Deductible:**

If you are on a family medical plan with an embedded deductible, your plan contains two components, an individual deductible, and a family deductible. Having two components to the deductible allows for each member of your family the opportunity to have your insurance policy cover their medical bills prior to the entire dollar amount of the family deductible being met. The individual deductible is embedded in the family deductible.

For example, let us say Mary is enrolled in the Gold health plan, and her son Jack is covered under her plan. Mary and Jack each have an individual deductible of $2,700, and a family deductible of $5,400. Jack takes a fall at recess and must have a procedure that costs $2,700. Jack has now met his individual deductible. The insurance company will begin paying 100% of covered expenses for Jack. Jack’s procedure also put $2,700 towards the family deductible (which is $5,400). A few weeks later, Mary gets a sinus infection and pays $100 for the doctor visit. Mary has not met her deductible, and the family deductible was not fully met by Jack, so Mary would pay the $100 out of pocket. She now met $100 of her individual deductible, and that $100 also applies toward the family deductible, so as a family they have met $2,800 of their $5,400 deductible. Mary will continue to pay out-of-pocket for her expenses until the family deductible is met. If Jack’s expenses had been $5,400, the family deductible would have been met and both Mary and Jack’s future claims would be covered 100%.

Coinsurance percentages shown in the above plan descriptions represent the percentages paid by the health plan.

Non-Embedded Deductible:

With a non-embedded deductible, there is not an individual deductible embedded in the family deductible. Before your insurance starts to cover their portion of your medical bills, the entire amount of the family deductible must be met first. It can be met by one family member or a combination of family members; however, there are no costs covered by your health plan until costs equaling the deductible amount have been incurred.

For example, let us say Mary and her son are enrolled in the Platinum Plan with a $2,000 individual deductible and a $4,000 family deductible. Jack takes a fall at recess and must have a procedure that costs $2,000 and is applied to his deductible. A few weeks later Mary sees a doctor about her sinus infection and pays $1,00 for the doctor visit. So, between Jack and Mary, $2,100 has been applied to the $4,000 deductible. Mary and Jack will continue to pay out-of-pocket for care until they have applied an additional $1,900 towards the family deductible. At that point, the insurance company would begin paying 80% of covered expenses.

Refer to the benefit summary or certificate of coverage for more information.

Health Savings Accounts

Colerain Township offers HSA compatible health plans and as such you may need to know the following about Health Savings Accounts:

An HSA is a tax-exempt custodial bank account created exclusively to pay for qualified medical expenses of the account holder/employee and his/her spouse or tax dependents. An HSA is offered only in conjunction with a Qualified High Deductible Health Plan (HDHP).

Eligibility:
- You are enrolled in a High Deductible Health Plan (also called an HDHP).
- You are not enrolled in Medicare.
- You are not a dependent on someone else’s tax return.
- You have no other coverage (such as being covered under your spouse’s plan, or other individual coverage). That also means that you can’t be covered under a separate prescription drug plan. You can, however, be covered under dental, vision or long-term care coverage, or coverage that pays a fixed dollar amount for a disease or for a period of hospitalization, and still enroll in a HSA.
- There are no income limits for HSAs, your income is never a determining factor in whether you can establish an HSA.
- Members with coverage with a Non-Qualified HDHP plan are not permitted to contribute to a HSA banking account.

Here is how the HSA works:
- You have a choice to set up a tax-free bank account. Colerain Township utilizes a dual option of Northside Bank & Trust and WEX. WEX offers investment opportunities through your HSA.
- On August 1, Colerain Township will make contributions to the HSA based on your plan selection.
- In addition to the funds received from Colerain Township, you may set aside pre-tax dollars from your check to your HSA account. The 2021 IRS maximums are $3600 for individual coverage, and $7,200 for family coverage. If you are age 55 or older, you are eligible to make an additional $1,000 “catch-up contribution”. Employee contributions are deposited with each regular payroll cycle. For more information on Health Savings eligible expenses, please go to http://www.irs.gov/pub/irs-pdf/p502.pdf.
- The amounts an employee has in his/her HSA can be withdrawn tax-free for qualified medical expenses including dental, vision, chiropractic care, eyeglasses, and hearing aids among other items.
- Any money you do not spend rolls over from year to year (unlike money in a flexible spending account). This way, you can start building up a reserve for future medical expenses that you and your family may incur.
- Your interest and investment earnings are tax-free. And your reimbursements for any qualified medical expenses are tax-free. But remember: if you use the money for anything other than qualified medical expenses, you will owe a 20% penalty plus ordinary income tax on the funds used. (Note: if you are age 65 or older there is no 20% penalty on funds you withdraw to pay for non-qualified expenses).

** Colerain Township contributions will be prorated for New Hires based on the date of hire.
Dental Insurance

Colerain Township offers a Dental PPO plan through Anthem Blue Cross Blue Shield for all employees. With the Dental PPO you can obtain dental care services from the dentist of your choice (contracted or not). However, the dental plan provides a higher level of benefit if you choose to use an in-network provider.

Please Note: It is recommended that when a course of treatment is expected to cost $300 or more, and is of a non-emergency nature, your dentist should submit a treatment plan before he/she begins. This enables you to see what your out-of-pocket expenses will be so you are not surprised and can budget accordingly. There is also a possibility that suggested procedures may be denied, and alternative procedures approved based upon X-rays and supporting documentation.

Coinsurance percentages shown in the above plan descriptions represent the percentages paid by the dental plan. ² You can receive care from any licensed dentist, anywhere in the United States. If you choose a non-participating dentist, you will be responsible for the coinsurance amount listed above, as well as any charges above Anthem’s maximum allowable charge for covered services.
Vision Insurance

Are you really seeing your best? Or are you simply used to the view? With good vision, your experiences are clearer, sharper, and brighter.

Vision examinations not only determine the need for corrective eye wear but also may help detect other general health problems such as glaucoma, cataracts, and diabetes. Plus, eye exams for children can help detect problems that can impact learning and development.

Dollar for dollar, you get the best value from your vision care plan when you visit an Anthem Blue Cross and Blue Shield network doctor. If you decide not to see an Anthem provider, the Out-of-Network plan copays will apply. The choice is yours—either way, your vision benefits are a tremendous part of your overall benefits package.

**Life Insurance**

**Basic (Employer Paid) Life and AD&D Insurance**

Colerain Township provides a Basic Life and AD&D benefit to eligible employees through Anthem Blue Cross Blue Shield at no cost to the employee. The Life insurance benefit will be paid to your designated beneficiary in the event of death while covered under the plan. The AD&D benefit will be paid in the event of a loss of life or limb by accident while covered under the plan.

Long-Term Disability

Long-Term Disability benefits are offered through The Standard. This benefit is paid on your behalf by Colerain Township. Employees must meet a 90-day elimination period before the Long-Term benefit would begin. For the Standards LTD plan, the employee will receive 60% of their monthly earnings, up to a max of $5,000 a month. Employees will be eligible for this benefit until social security normal retirement age.

Critical Illness

Critical illness policies offer specialized benefits to supplement medical coverage at a time when you and your family may experience a difficult diagnosis. The plan would pay a benefit after receiving a diagnosis for what would qualify as a critical illness. In addition to coverage for the condition, the plan also pays a $50 wellness reward per preventive visit after the policy is in force.

A qualified critical illness could include:
- Loss of sight, speech, or hearing
- Cancer
- Stroke
- Transplant, as a result of heart failure
- Heart Attack
- End Stage Renal Failure

Accident Insurance

Accident coverage is a great way to supplement your major medical insurance. The accident plan offers two flexible options that feature very different payment levels. Below is a highlight of the benefits. For more details please reach out Human Resources

Additional Services

**MB ADVOCATES TEAM**

If you have a question or issue with one of your benefits, call the appropriate carrier using the phone number provided on the back of your identification card. If your initial contact with the carrier does not reach a desired resolution, contact our MB Advocates Team. Our dedicated problem-solvers and experienced advocates are here to assist you when issues arise with claims, billing, or benefits.

Monday-Friday, 8am-5pm  
Phone: 937.260.4300 or 877.635.5372  
Fax: 937.499.1160  
Email: mbadvocates@mcgohanbrabender.com

**RetireMED®iQ**

The RetireMEDiQ Program guides you through the transition to Medicare coverage upon retirement. Their goal is to keep you informed and provide you with the knowledge and confidence you need to make important decisions that affect your health plan coverage. The program delivers five pillars of service—personalized communication, advisors, access to health care plans, lifelong support and resource libraries—all at no cost to you!

REQUIRED NOTIFICATIONS

Important Legal Notices Affecting Your Health Plan Coverage

THE WOMEN’S HEALTH CANCER RIGHTS ACT OF 1998 (WHCRA)

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women’s Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

☐ All stages of reconstruction of the breast on which the mastectomy was performed.
☐ Surgery and reconstruction of the other breast to produce a symmetrical appearance.
☐ Prostheses.
☐ Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

NEWBORNS ACT DISCLOSURE - FEDERAL

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

NOTICE OF SPECIAL ENROLLMENT RIGHTS

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 30 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Further, if you decline enrollment for yourself or eligible dependents (including your spouse) while Medicaid coverage or coverage under a State CHIP program is in effect, you may be able to enroll yourself and your dependents in this plan if:

☐ your coverage is lost under Medicaid or a State CHIP program; or
☐ you or your dependents become eligible for a premium assistance subsidy from the State.

In either case, you must request enrollment within 60 days from the loss of coverage or the date you become eligible for premium assistance.

To request special enrollment or obtain more information, contact person listed at the end of this summary.
STATEMENT OF ERISA RIGHTS

As a participant in the Plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (“ERISA”). ERISA provides that all participants shall be entitled to:

Receive Information about Your Plan and Benefits

☐ Examine, without charge, at the Plan Administrator’s office and at other specified locations, the Plan and Plan documents, including the insurance contract and copies of all documents filed by the Plan with the U.S. Department of Labor, if any, such as annual reports and Plan descriptions.

☐ Obtain copies of the Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.

☐ Receive a summary of the Plan’s annual financial report, if required to be furnished under ERISA. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report, if any.

Continue Group Health Plan Coverage

If applicable, you may continue health care coverage for yourself, spouse, or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You and your dependents may have to pay for such coverage. Review the summary plan description and the documents governing the Plan for the rules on COBRA continuation of coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for participants, ERISA imposes duties upon the people who are responsible for operation of the Plan. These people, called “fiduciaries” of the Plan, have a duty to operate the Plan prudently and in the interest of you and other Plan participants.

No one, including the Company or any other person, may fire you or discriminate against you in any way to prevent you from obtaining welfare benefits or exercising your rights under ERISA.

Enforce your Rights

If your claim for a welfare benefit is denied in whole or in part, you must receive a written explanation of the reason for the denial. You have a right to have the Plan review and reconsider your claim.

Under ERISA, there are steps you can take to enforce these rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $152 per day (up to a $1,527 cap per request), until you receive the materials, unless the materials were not sent due to reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, and you have exhausted the available claims procedures under the Plan, you may file suit in a state or federal court. If it should happen that Plan fiduciaries misuse the Plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose (for example, if the court finds your claim is frivolous) the court may order you to pay these costs and fees.

Assistance with your Questions

If you have any questions about your Plan, this statement, or your rights under ERISA, you should contact the nearest office of the Employee Benefits and Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits and Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210.
