### Garden Rules

1. Each gardener is responsible for the maintenance and upkeep of his or her garden plot. Watering, weeding, harvesting and any other garden related maintenance are all the responsibility of the gardener.
2. Gardeners may arrange for other gardeners to water their plots. Each gardener will be given the combination to the lock on the water so that you have access to water at your convenience. Please ensure that the lock is replaced on the water when you are done.
3. A limited number of hoses will be available for use by gardeners.
4. Children are welcome in the garden but must be accompanied by an adult and must be supervised at all times.
5. Garden plots should be cared for at least once a week. It is the gardener's responsibility to notify the Parks Department if he or she is not able to care for their plot in any given week. If any plot remains unattended for more than three weeks, that plot is subject to reassignment.
6. The application of herbicides (weed killers) to the garden plots is prohibited.
7. Preference for this year's plots will be given to last year's participants first. Previous gardeners have until April 15 to claim the same plots they had last year. After April 15, assignment of previously used garden plots will be first come, first served. Plots not used in the previous year will be available on a first come, first served basis.
8. Plot fees are \$25.00 for each plot and are due in full before work can begin.
9. Gardeners may harvest vegetables and flowers from their garden only.
10. At the end of the growing season, gardeners are responsible for clearing their plot of all plant material and leaving the plot as they found it in the spring.
11. The park is closed from dusk until dawn. The Park must be vacated by dark.
12. The Board of Trustees shall have the authority to modify garden rules as needed and they shall have the authority to waive or modify any fees associated with the use of the community gardens.
